UNIONISM GRAFT-RIDDEN, GANG-RIDDEN, SAYS BURNS Machine Rule Conceives the Plots of Dynamiters, He Declares.

American Federation of Labor, Detective Points Out,
Is an Appalling Example of the Lengths to Which
Bribery and Violence Reach—Its Clique of Bosses
Re-elected Every Year Because of Honesty.

[BY DIRECT WIRE TO THE TIMES.]

PHILADELPHIA (Pa.) Dec. 6.—[Exclusive Dispatch.] A care-
free, even glib-looking middle-
aged, small man stepped off the train
in Broad-street Station today at 7:20
a.m. and walked briskly through the
station crowd. His light blue eyes
appeared to turn gray and cold at the
mention of the word "Gompers."
"Oh, well, what I have to say about
Gompers isn't really fit to print, but
you can say that instead of the Mc-
Namara brothers deceiving labor, as
Gompers alleges, it is Gompers who
is deceiving labor," said Burns.

"I never for a minute believed that
the rank and file of the organized
labor movement favored murderous
methods, or was implicated in the
dynamiting conspiracy. It is not labor,
but the gang that rules organized
labor, that is at fault."
CRIME-RIDDEN UNION.
The fact is that the American
Federation of Labor is gang-ridden,
graft-ridden and crime-ridden today,
as San Francisco was under the Alse
Ruef regime. And it may be well to
bear in mind that the McNamara
brothers are not the Alse Ruefs of the
union movement; their positions as
servants of the union machine were
merely that of the tenebrous thug in
the Ruef machine.

"It is machine rule, gang rule, that
is at the bottom of it all. The ma-
chines, whether it be municipal ma-
chines or union labor machines, do
not remain in power year after year
through their honesty and virtue. It
is crime and corruption that keeps
them in power, and that is why they
encourage crime and protect crim-
inals. Machines always breed crime
and criminals."
"We got some grafting Aldermen in
San Francisco, but kept at it until
we got the men really responsible—
the men higher up, the bosses of the
San Francisco machine. Out of the
McNamara machine, the graft-ridden
machine, we propose to keep at it
until we get the men behind the
McNamara machine—the men higher
up, the bosses of the union labor
machine."

"Gompers denounced me first from
one end of the land to the other, and
now he says the McNamara brothers
are the ones who are at fault. It is
an attack on union labor in general.
That sounds like the talk of the San
Francisco bosses when they com-
plained that we were blemishing the
city."

NOBODY FOOLED.
"That's all rot, of course. No honest
citizen in San Francisco was
fooled by the plea of the bosses for
putting an end to the exposure of
them were sent to jail. No honest
member of organized labor ought to
be fooled by Gompers's talk. San
Francisco smashed its corrupt and
criminal machine and it is up to union
labor now to rid itself of its corrupt
and criminal machine."

"The parallel between the municipal
machine and the union-labor machine
is complete. The ring of the American
Federation of Labor has kept itself in
office and power for more than
twenty-five years by exactly the same
methods as are used by the municipal
machine bosses. Perhaps the
union-labor machine is just a little
worse than the municipal gangs."

"Where the gang is supreme in

municipal politics, every aspirant for
office knows that his only hope is to
do service for the gang, not for the
city, and all who have business with
the city know that they must do busi-
ness with the gang. The followers
of the gang, its army of dependents,
also know that the gang demands
votes and more votes, and the result
of it all is bribery, thievery, stuffed
ballot boxes and murder, if necessary,
for the protection and perpetuation of
the gang."

VERY MUCH DIFFERENT.
"Well, the labor gang is not very
much different. Dues paid into the
big central organization by the ordi-
nary unsophisticated union working
men are not used for relieving strike
sufferers. The greater proportion of it
is used to perpetuate the union labor
gang in power. The American Federa-
tion of Labor has a host of so-called
national organizations who receive good
pay and travel around the country at
the expense of the American Federa-
tion of Labor."

"This patronage of Gompers and
the others goes to those who deliver
the delegates at the annual conven-
tion for the re-election and perpetua-
tion of the machine. The big national
unions have similar patronage to dis-
tribute and do distribute it for their
self-perpetuation just as the municipal
machine distributes its offices."

"The McNamara has no personal
scores to settle with the Los Angeles
Times. They got paid for their work.
It is crime and corruption that keeps
murder. It was not themselves that
they served principally. They served
a union labor ring, a union labor ma-
chine worse, more despotic, more ar-
rogant than any municipal machine in
the country."

RAVOLI IS ON.
"I don't know, though I under-
stand he is to be arrested in connec-
tion with his contempt case, and when
they do arrest him they ought to lock
him up and throw the key away,"
Burns answered with a smile.

"Has your visit to Philadelphia any
connections with the dynamiting
case?"
"Yes, we were looking up the dynam-
iting cases here, and I am con-
vinced they were committed by the
McNamara," replied Burns.

"I do not expect to make any ar-
rests here. I am not here looking for
clerks Smith or Kaplan, the Mc-
Namara associates. The men who
are connected with the dynamiting
case."

"Yes, we were looking up the dynam-
iting cases here, and I am con-
vinced they were committed by the
McNamara," replied Burns.

(Continued on Second Page.)

Figures in a Legal Battle.

Mrs. Helen Hilton Story and Daughter, Ruth.
Who have been separated by the alleged action of the husband and father.
The mother has applied to court to compel him to produce the child.

HOPES TO GET HER CHILD BY HABEAS CORPUS WRIT.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Dec. 6.—[Exclusive
Dispatch.] Society got another
shock today when it became
known that Mrs. Helen Hilton Story
had obtained a writ of habeas corpus
in an effort to recover her little
daughter, Ruth King Story, 3 years
old.

When Allen Lawrence Story, son of
Mrs. William Cummins Story, fled
suit for divorce a short time ago it
was a surprise to even close friends
of the family. No one had suspect-
ed that there was a rift in the happi-
ness of the couple, both of whom were
devoted to the little daughter.

Curiosity as to the charges, pre-
ferred by the young son of the regent

of the New York State chapter of the
Daughters of the Revolution, led to
many inquiries. The allegations were
not made public, but it was learned
that a difference in disposition was
about the only charge—known techni-
cally under the law as incompati-
bility.

The next development of the case
was the discovery that Mr. Story had
taken the little girl with him when
he left home and the mother had
been unable to see her child.

Today came the announcement that
she may yet regain possession of the
child by means of the habeas corpus
proceedings, a writ having been filed
to compel the father to produce her
before Justice Seabury, in the Supre-
me Court.

Derogatory.

RUSSIA DENOUNCED AND TREATY CALLED MOCKERY.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, Dec. 6.—Abrogation
of the treaty of friendly relations
between the United States and
Russia made in 1832, was urged in
speeches today by a dozen or more
men of national prominence and in
resolutions adopted at a large mass
meeting held in Carnegie Hall to-
night.

The meeting was under the auspices
of the National Citizens' Committee,
which plans a series of similar dem-
onstrations throughout the country
during the next month in protest
against discrimination by Russia in
the matter of the passports of Jew-
ish American citizens.

As a means to break the long dead-
lock in diplomacy over the passport
question, most of the speakers to-
night advocated the immediate notice
to Russia of the abrogation of the
treaty, the terms of which they de-
clared had been violated by Russia.

WHITE WANTS ARBITRATION.
Andrew D. White, former United
States Ambassador to Russia, was
chairman of the meeting, and in his
address dwelt on the relations be-
tween the United States and Russia.
He was one of but few speakers who
strongly urged that Russia be invited
to arbitrate the question at The
Hague before a movement was made
to abrogate the treaty.

He said Russia was a nation of
great pride and that peremptory re-
fusal would lead to indignation re-
joinder and reprisals regardless of all
justice.

"Might they not even congratulate
themselves on the financial side of
the question," suggested the chair-
man, "if the treaty should be can-
celled, might not the pill be sweet-
ened for them by the relief that all
inheritances from Jewish families in
Russia to Jewish heirs in America
could lapse into the imperial treas-
ury?"

Mr. White characterized the sug-
gestion of war as altogether foolish.
"The two nations can not reach each
other at any vulnerable point," he
said, "it would be like an elephant
trying to fight a whale."

Preceding the adoption of the
resolutions, speeches were made by
Senators, by the Speaker of the
House, by the head of Cornell Uni-

versity and by others. Conspicuous
places in many speeches were:
Gov. Woodrow Wilson of New Jer-
sey: "The Russian government has
felt through all these years that it
could ignore the protests of Ameri-
can ministers and Secretaries of
State. It has been because the Amer-
ican government spoke for special in-
terests or from some special point
of view, and not for the American peo-
ple."

Speaker Champ Clark said the con-
duct of Russia had created universal
horror and protest. "There seems
nothing left for us to do, except to ab-
rogate this treaty."

William R. Hearst: "In the pro-
tection of its citizens, in the main-
tenance of its own self-respect, in the
defense of its own honor, let the
United States assert its dignity and, if
necessary, employ its power."

Representative Sulzer, New York:
"There can be no arbitration, no de-
lay. Russia has acted boldly and
shamelessly."

Gov. Harmon of Ohio sent a letter
of regret in which he approved the
spirit of the meeting.

BUYS COAT WITH TIPS.

Denver Waitress Saves the Tip
Dinner During Period of Two
Years.

DENVER, (Colo.) Dec. 6.—One
thousand dimes, all ten-cent piece tips
received during a period covering two
years, were paid today by Miss Ivy
Cole, a waitress in a local cafe, for a
fur coat, and when she had selected
the coat and began to draw from
various bags and pockets the \$100 in
cent pieces, the proprietor of the
store where the purchase was made,
voiced a mild protest.

"It took me just two years to get
these dimes," said the waitress. "Two
years ago the day before Thanksgiv-
ing I decided to save the tips I re-
ceived in dimes until I got \$100 and
then buy a fur coat. It isn't so easy as
it sounds, either."

MORE SCOPE PROPOSED.

Bill Adds to Power
of Commission.

Public Service Companies
Discuss New Measure at
Sacramento.

No Objections Raised but
Several Amendments Are
Suggested.

Laws That Will Settle Prob-
lems Clearly Asked for by
Railroads.

SACRAMENTO, Dec. 6.—Twenty-
two representatives of California
public service corporations ap-
peared at a public meeting held by
the corporations committee of the
Senate and Assembly in the Assembly
Chamber today for the discussion of
the bill now before the Legislature ex-
tending the supervision of the Railway
Commission over all public utilities of
the State, except the municipally
owned utilities which may be ex-
empted by popular vote.

While the bill itself was not at-
tacked, various amendments and sug-
gestions were offered, the main ques-
tions raised touching upon the pro-
vision of the bill allowing court ap-
peals only on questions of law and not
fact, the alleged unconstitutionality
of the provision governing foreign
corporations, appeals to the commis-
sion from ordinances of municipalities,
the issuance of stock certificates
and back of the clause authorizing
the commission to determine its
own methods of procedure in the hear-
ing of evidence.

J. M. Eshleman and Max Thelan,
president and attorney respectively,
of the State Railway Commission, de-
fended the proposed new law, which
was drawn under the supervision of
the commission, after the Governor's
recent legislative conference, and is
designed to extend the powers of the
commission in accordance with the
constitutional amendment enacted at
the last general election, which gave
the Legislature plenary powers to place
public utilities under the commission.

COMPANIES REPRESENTED.
The following are the representa-
tives of the companies who appeared
before the committee: Riverside
Water Company; Francis Cutler,
Riverside Water Company; C. W.
Durbrow, Henley C. Booth, W. R.
Scott and H. A. Jones, Southern Pa-
cific Company; Warren Olney, Jr.,
Western Pacific Railway Company;
Jesse W. Lillenthal, Northwestern Pa-
cific Railway Company; F. W. Camp,
Santa Fe Railway Company; James A.
Gibson, Paul Shoup and E. W. For-
man, Los Angeles Railway corpora-
tion; H. H. Trowbridge, Southern Cal-
ifornia Edison Company; A. G. Wis-
hnom and A. C. Balch, San Joaquin
Light and Power Company; Warren
Gregory, Sierra and San Francisco
Light and Power Company; Beverly

Company; Oscar Sutor, Pacific States
Telephone Company and the San Fran-
cisco Telephone Company; J. A. Gib-
son, Home Telephone Company of Los
Angeles; W. R. Wheeler, Traffic Bu

TEN PACKERS GO TO TRIAL.

Delay of Eight Long Years is Finally Ended.

Criminal Charge Under the Anti-Trust Law.

Federal Regulation of Business at Stake.

[BY A. P. NIGHT WIRE TO THE TIMES.] CHICAGO, Dec. 6.—After eight years' delay in the ways of grand juries and special pleas, the cases of ten Chicago meat packers, indicted for alleged violation of the criminal provisions of the Sherman anti-trust law, reached trial today.

Indications were the early stages of the trial, at least, will be rapid, for the government's examination of the first panel of jurors was terse. By agreement each side was entitled to thirty peremptory challenges and by night the government had exercised ten. None of the veniremen had been questioned by the defense.

Questions of Attorney Sheehan for the government indicated that the acceptability of a juror hinged chiefly on his willingness to accept it as part of the government's function to regulate affairs of private business.

All defendants were in court immediately after the case was called. Personal pleas of not guilty were entered and the examination of veniremen began.

Richard Dean, general manager of the Pullman Company, a fellow club member with most of the defendants, who was passed in the morning session, was challenged by the government in the afternoon in spite of his assertion his friendship with the defendants would not prevent his rendering an impartial verdict.

AGAINST A PENALTY. Robert Grant, an official of the National Hinge Company, was challenged when he said he had been conscientious scruples against enforcing a penalty for violation of the Sherman law.

Other veniremen who expressed doubt of the property of the government exercising control of business conduct were challenged peremptorily.

Attorneys here are of opinion the trial will proceed without any further attempts of counsel for the packers to cause delay.

The twelve jurors who had been passed by the government were ordered locked up tonight and the rest of the venire were ordered in court tomorrow. None will be questioned by the defense until at least four have been finally accepted by the government.

SLEUTHS CALL FOR AID.

Portland Detectives, Trapped in Chinese Restaurant and Men Go From Station to Release Them.

[BY DIRECT WIRE TO THE TIMES.] PORTLAND (Or), Dec. 6.—[Exclusive Dispatch.] Four members of the uniformed police force were required late last night to free two detectives from a locked room in the Chinese block at Fourth and Flinders streets, after two electrically-worked lock doors had closed upon the sleuths and refused to yield to their efforts.

Telephone communication with the outside world was all that saved the detectives from a possible all-night stay in the little six-by-five-foot room.

Detectives Swensen and Taft, both new, decided to bring in a few Chinese gamblers. Room 56, in the block at Fourth and Flinders, was entered by the two. As they went into the next room, the electric door swung behind them and they were cut off from retreat.

After beating on the doors for an hour, they discovered and used a telephone in the room to call the station. Patrolmen Griffith, Gill, Evans and Sholent left the patrol wagon to the block and blows of a sledge hammer in the hands of patrolman Evans broke down the door and rescued the detectives.

Conservation. A New Conservation Movement is Started at Irrigation Congress Having for its Object the Salvation of Vast Area of Swamp and Overflow Lands in Southern States.

[BY A. P. NIGHT WIRE TO THE TIMES.] CHICAGO, Dec. 6.—Another conservation movement was created today when at the National Irrigation Congress the delegates interested in drainage of swamp lands decided to form a separate organization to urge the Federal government to care for the overflowed lands of the country, as it is doing for the arid lands.

The new organization, which will probably be called the National Reclamation Congress, is to co-operate with the Irrigation Congress.

"It was decided that the drainage were to receive support from the Federal government the movement must take distinct form separate from irrigation projects," said E. T. Perkins of Illinois, who has been selected temporary chairman.

TO RECLAIM THE FLOOD REGIONS.

DRAINAGE ADVOCATES TO ORGANIZE SEPARATELY.

A New Conservation Movement is Started at Irrigation Congress Having for its Object the Salvation of Vast Area of Swamp and Overflow Lands in Southern States.

[BY A. P. NIGHT WIRE TO THE TIMES.] CHICAGO, Dec. 6.—Another conservation movement was created today when at the National Irrigation Congress the delegates interested in drainage of swamp lands decided to form a separate organization to urge the Federal government to care for the overflowed lands of the country, as it is doing for the arid lands.

The new organization, which will probably be called the National Reclamation Congress, is to co-operate with the Irrigation Congress.

"It was decided that the drainage were to receive support from the Federal government the movement must take distinct form separate from irrigation projects," said E. T. Perkins of Illinois, who has been selected temporary chairman.

The new movement will affect the Mississippi Valley, the Gulf and the South Atlantic States. There are about 70,000,000 acres of swamp land which can be drained for about \$10 an acre.

A protest against what was termed "an extravagant waste of money" by the navy when there was no prospect of war, was made in a resolution offered by John Fairweather of Fresno, Cal.

"California is getting tired of this war talk," said Mr. Fairweather. "I ask this congress to oppose the Secretary of the Navy's plea for three \$12,000,000 warships when only \$17,000,000 is allowed by the government for agricultural purposes."

The resolution is to be acted upon later.

STATE INVESTS SURPLUS. SACRAMENTO, Dec. 6.—One hundred and ten thousand dollars worth of bonds, divided into three issues, was purchased today by the State Board of Control for the State of California as an investment of State funds for the benefit of the State school funds.

The first issue purchased was \$20,000 worth of \$100 bonds, being part of the \$18,000,000 highway bond issue voted by the people. The Board of Control purchased them at par with accrued interest added.

The last purchase was \$40,000 worth of Santa Barbara water tunnel bonds, bearing 4 1/2 per cent. interest.

PORTLAND DETECTIVES, TRAPPED IN CHINESE RESTAURANT AND MEN GO FROM STATION TO RELEASE THEM.

[BY DIRECT WIRE TO THE TIMES.] PORTLAND (Or), Dec. 6.—[Exclusive Dispatch.] Four members of the uniformed police force were required late last night to free two detectives from a locked room in the Chinese block at Fourth and Flinders streets, after two electrically-worked lock doors had closed upon the sleuths and refused to yield to their efforts.

Telephone communication with the outside world was all that saved the detectives from a possible all-night stay in the little six-by-five-foot room.

Detectives Swensen and Taft, both new, decided to bring in a few Chinese gamblers. Room 56, in the block at Fourth and Flinders, was entered by the two. As they went into the next room, the electric door swung behind them and they were cut off from retreat.

After beating on the doors for an hour, they discovered and used a telephone in the room to call the station. Patrolmen Griffith, Gill, Evans and Sholent left the patrol wagon to the block and blows of a sledge hammer in the hands of patrolman Evans broke down the door and rescued the detectives.

Conservation. A New Conservation Movement is Started at Irrigation Congress Having for its Object the Salvation of Vast Area of Swamp and Overflow Lands in Southern States.

[BY A. P. NIGHT WIRE TO THE TIMES.] CHICAGO, Dec. 6.—Another conservation movement was created today when at the National Irrigation Congress the delegates interested in drainage of swamp lands decided to form a separate organization to urge the Federal government to care for the overflowed lands of the country, as it is doing for the arid lands.

The new organization, which will probably be called the National Reclamation Congress, is to co-operate with the Irrigation Congress.

"It was decided that the drainage were to receive support from the Federal government the movement must take distinct form separate from irrigation projects," said E. T. Perkins of Illinois, who has been selected temporary chairman.

The new movement will affect the Mississippi Valley, the Gulf and the South Atlantic States. There are about 70,000,000 acres of swamp land which can be drained for about \$10 an acre.

A protest against what was termed "an extravagant waste of money" by the navy when there was no prospect of war, was made in a resolution offered by John Fairweather of Fresno, Cal.

"California is getting tired of this war talk," said Mr. Fairweather. "I ask this congress to oppose the Secretary of the Navy's plea for three \$12,000,000 warships when only \$17,000,000 is allowed by the government for agricultural purposes."

The resolution is to be acted upon later.

STATE INVESTS SURPLUS. SACRAMENTO, Dec. 6.—One hundred and ten thousand dollars worth of bonds, divided into three issues, was purchased today by the State Board of Control for the State of California as an investment of State funds for the benefit of the State school funds.

The first issue purchased was \$20,000 worth of \$100 bonds, being part of the \$18,000,000 highway bond issue voted by the people. The Board of Control purchased them at par with accrued interest added.

The last purchase was \$40,000 worth of Santa Barbara water tunnel bonds, bearing 4 1/2 per cent. interest.

MORE SCOPE PROPOSED.

(Continued from First Page.)

distinct sections constitute violations of the constitutional prohibition of the enactment of laws impairing the obligation of contracts. The provision regulating corporation issues of stock certificates and bonds was so characterized by Judge W. L. Lillenthal. He suggested an amendment providing that the law shall not apply to contracts already made and involving such issues. Hon. C. Booth raised a similar objection to the clause governing foreign corporations. Mr. Booth, who represents the Southern Pacific Company, declared that conformity to the State's incorporation laws by any corporation which has entered California in the past, imposes an obligation of contract on the State, and that such a corporation should not be subjected to any liabilities or obligations larger than those then imposed.

Francis Cutler, representing the Riverside Water Company, offered an amendment allowing corporations thirty days in which to appeal to the commission from any municipal ordinance.

A second meeting was held tonight, the corporation representatives conferring with the joint corporation committee and Attorney Max Thelen, who represented the railway commission. J. A. Gibson, representing the Los Angeles Railway Corporation, and A. G. Wilson, for the San Joaquin Light and Power Company, urged the elimination of the clause limiting corporation service contracts to one year. Each contended that the sale of power for water pumping in irrigation districts necessitated long contracts. Gibson offered an amendment giving the commission discretionary powers in regulating the length of agreements between the companies and the consumers.

BY RAIL TO THE CANAL.

Henry Gasaway Davis Thinks One Can So Travel From Any American City in Few Years.

(BY DIRECT WIRE TO THE TIMES.) BALTIMORE (Md.) Dec. 6.—[Exclusive Dispatch.] From any United States city to Panama by rail by the time the Isthmian Canal is completed is no indelible dream, according to former Senator Henry Gasaway Davis of West Virginia, chairman of the Pan-American Commission, and who has given the subject deep study. The Senator said today:

"It is within range of easy possibility that a railroad will reach the Isthmian Canal by the time it is completed, thus making possible a journey by land from any point in the United States to the banks of the great waterway. Only 170 miles of the link are necessary to construct with the railroad building southward from the City of Mexico to complete the uninterrupted track to the canal. The Mexican government is pushing the work of railroad construction and I have no doubt Central American States will do their part."

RACE WITH WATERSPOUT.

Liner Cretic Barely Able to Win Clear on Recent Trip Across the Atlantic.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Dec. 6.—[Exclusive Dispatch.] Although chased by a waterspout, the big liner Cretic reached port in safety today. Monday morning Capt. Lobes saw the giant waterspout to the southwest. He estimated it about 100 feet in height and it was traveling about as fast as the Cretic and at such an angle it was likely soon to strike the ship. The Cretic had been going at a reduced speed. The captain at once gave an order for full speed and the ship took a forward jump. The spout also seemed to have increased in speed, for its speed increased. The matter began to look serious. The spout was gaining rapidly, while the engines of the ship did their best, but about a mile distant the spout hesitated and was lost. At that time the Cretic put enough blue water between them to insure safety.

LIKE ANY OTHER BABY.

Forty-million-dollar Child Will Get a Drum and Hobby Horse for Christmas.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Dec. 6.—[Exclusive Dispatch.] The \$40,000,000 baby is not much different from other babies in well-to-do families when it comes to getting toys for Christmas. This was proven by the visit of Mr. and Mrs. Edward McLean of Washington, whose son of 3 years was willed the millions by his grandfather, Thomas A. Walsh, the Denver mining man. Parents and youngsters came to Chicago to do the baby's Christmas shopping.

"We have fairly accumulated a list of Vincent's wants," said Mrs. McLean, as she and her husband left the Congress Hotel for their shopping day. Vincent McLean, with \$40,000,000 inheritance, will receive in his pump stockings this Christmas: A hobby horse with a long tail. Building blocks. An especially noisy drum. An automatic bug that winds up.

BAR-KEEPER TIPS HIMSELF.

Gets Lonely With Only Six Prohibitionists in First Cabin.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Dec. 6.—[Exclusive Dispatch.] The loneliest man on the Atlantic Ocean last week was the bar-keeper on the steamship Steamer land, which arrived today from Antwerp. There were only six first-class passengers. They had over fifty stewards at their disposal, but all six were prohibitionists. Not one penny was spent at the bar.

Monday the bar-keeper became so angry he bought himself a drink and tipped himself a nickel.

ROYAL QUARREL STIRS UP OFFICIAL DISPLEASURE.

(BY A. P. DAY WIRE TO THE TIMES.)

MADRID, Dec. 6.—Official circles express great displeasure over the publicity given, particularly in France, to the controversy between King Alfonso and his aunt, Infanta Eulalie, over a book published by the latter under the pen name, Countess of Avila. Comments by the French press, it is stated, seem purposely calculated to affect approach negotiations over the Moroccan question. The dispatches exchanged between the King and his aunt are misrepresented, it is stated, in the published reports.

The morning press supports the King while Republican publications applaud his aunt. The Cabinet, it is understood, favors the King's plan to cut off the Infanta's annual pension of \$50,000.

A distinguished member of the Spanish court is quoted today as saying that a rupture between King Alfonso and the Infanta Eulalie long had been expected. She had not been on good terms with Queen Maria Christina. When Alfonso ascended

the throne, conditions improved, but they became worse again when the Infanta's son, Alfonso, wedded the Princess of Coburg without authorization of the King, for which Alfonso was deprived of his title and was expelled from the army.

He was recently reinstated in the ranks and sent to Melilla, with the understanding that his title would be restored and the incident forgotten. He fell ill and asked permission to return to Spain. The King's suggestion that he should remain in Melilla, displeased the Infanta Eulalie.

PAHIS, Dec. 6.—The Infanta Eulalie sent the following telegram to the Spanish Premier:

"I await punishment, but as I am contemplating a voyage, I request you to transmit it as soon as possible."

The Infanta insists on the exactitude of the text of her dispatches to King Alfonso. She sent two telegrams, one merely announcing that she would take leave of the King. She did not publish this, but gave out her second dispatch.

Heel of Achilles.

ALLEGED HOLD-UP SHOT WHILE FLEEING ARREST.

W HILE attempting to evade arrest on a charge of highway robbery, C. P. Barnett was shot in the right foot and afterwards captured by Patrolman Mortenson at Second and Hope streets last night, following an attack made upon Harry F. Fink, a department manager of the New York Cloak and Suit House.

During the struggle with the alleged robber, Fink was choked into insensibility and relieved of \$27 in money, a gold watch and a diamond ring valued at \$200.

According to a statement made to the police, Fink left his home at No. 1400 Alvarado Terrace early in the evening, for the purpose of calling on a young woman living near the scene of the alleged hold-up. While he was struggling up a slippery incline, Fink says, he was accosted by the robber and was in the act of being "strong armed" when he

wrenched himself loose for a moment and screamed for help.

His cry was heard by Officer Mortenson who arrived on the scene in time to witness the final act of the robbery. When the hold-up man refused to stop the officer drew his

gun and fired at the fugitive's legs, the ball passing through the latter's heel and foot. Unable to run further, the suspect surrendered and was removed to the City Jail for medical treatment.

The story told by the prisoner differed in many essential respects from that of his victim and an investigation will be made to determine the truth.

"I am the nephew of T. C. Barnett, one of the wealthiest business men in San Jose, and came to this city with my brother, Hubert, a few days ago securing rooms in the Alta apartments," said the injured man.

The prisoner asserts that he has never been in serious trouble before although he says that he was once put in jail in San Jose. He admits that he has been in straitened circumstances for some time, but denies that he is a regular hold-up man.

As his wound was not considered serious, Barnett was locked up for the night and meanwhile the detectives will try to find out something about his family and previous history.

The money and jewelry belonging to Fink, which was found in the possession of the prisoner, was held as evidence.

TO LET— Farming Lands.

The image is a dark, high-contrast, vertical scan of a textured surface, likely a book cover or endpaper. A prominent vertical crease or fold line runs down the center, creating a sharp division. The left side is lighter and shows a grainy texture, while the right side is darker and more uniform. There are some small, light-colored specks and fibers visible throughout the material.

Cities and Towns of Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

Pasadena.
MUSICAL MENU
IN THE MAKING.Pasadena's Municipal Band
to Serve Delicacies.Executive Council Session to
Talk Telephone.Society Undismayed by the
Weather Conditions.

Office of The Times, 52 S. Fair Oaks avenue.

PASADENA, Dec. 7.—"I have an idea that the music will be part classical and part popular of a high quality, with maybe some rag-time." This is the way Mayor Thum last night summed it up when asked what kind of music will be played this winter by the new Pasadena municipal band.

"Personally, I do not like rag-time," said the Mayor, "but then some of it will doubtless be played."

The City Commissioners were to have met yesterday afternoon to appoint a city bandmaster and decide what to supply Pasadena and tourists with in the way of musical dainties for the coming months, but not all were able to be present so the meeting was postponed indefinitely.

"We have not discussed the matter at all," said Commissioner Hertel, "and cannot tell anything now about what the music will be or who will lead the band, not even when the commission will meet."

"Last year, on account of some objection to Sunday concerts, we decided that no music would be played on Sunday, and asked the leader of the band always to bring his Sunday program for consideration by the board. I rather think that this same plan will be followed this year, although, as I say, nothing definite has been decided."

BUSY TIME COMING.

With a polo club, an aviation school and now possibly a moving picture company, the prospect is that there will be plenty of excitement for Pasadena this winter. This will especially be the case if the aeroplanes are used by the actors to produce twentieth century romances of the air.

Negotiations were opened with the Pasadena Board of Trade yesterday by a French moving picture graduate, which believes that there are untold scenic possibilities in the mountains back of Pasadena and is considering establishing permanent headquarters in this city. The company, whose name is withheld by the local organization, but which is believed to be the Essanay Company, comprises a large number of actors, a stable of fine horses and all the accessories for the construction of motion picture films.

No definite arrangement has been reached as yet but the Board of Trade looks with favor upon the proposition.

SPECIAL SESSION CALLED.

The request of the Sunset Telephone Company for information relative to its proposed application for a franchise to operate in the city will be considered at a special executive session of the City Council next Friday night. The Councilmen will decide at this time what reply to make.

At this time the Council will probably also return to the temperance petitioners their petition, which City Attorney Carr has found to be faulty so far as the certification of names is concerned. The City Attorney and Attorney M. W. Butler, who represents the petitioners, will hold another conference in the meantime.

MYSTERIOUS CASE.

The disappearance of Henry Mayer, 29 years of age, from a boarding house at No. 45 North Los Robles avenue, was brought to the attention of the police yesterday when Chief of Police Wood was asked to endeavor to locate him.

The man left the place five weeks ago, leaving all of his effects behind him. He told his friends that he was going to Pomona in search of work and would return the following day. But they have heard nothing from him since. He had been in Pasadena but a short time.

SOCIETY UNAFRAID.

Despite inclement weather yesterday afternoon, some 200 Los Angeles and Pasadena society matrons and maids enjoyed the reception given between 3 and 5 o'clock by Mrs. John Wilton Edmonson and her daughter, Miss Edith Edmonson, at their home on South Marengo avenue. The function was in the nature of a farewell to the bride, as Mr. and Mrs. Edmonson are soon leaving for San Francisco, where they will reside.

The house was profusely decorated with golden chrysanthemums and festoons of smilax and in the dining-room a color scheme was carried out in pink carnations and ferns. All the accessories and appointments were in pale pink and the table was illuminated with candles with rose pink shades.

Mmes. Henry C. Barrell, George Sturdivant, George P. Cary and Henry Goss presided over the table and others assisting were Mmes. John Earle Jardine, Mrs. Walter S. Wright and Misses Glad West and Ethel Hinds. Music was furnished by an orchestra stationed in an alcove off the dining-room throughout the reception hours.

Mr. and Mrs. William Franklin Knight of North Los Robles avenue entertained last evening with a five hundred party, complimentary to Miss Florence Thomson and George Vedder, who are to be married Thursday, December 14. A surprise was introduced in the form of a shower of handkerchiefs, and an original touch was given the affair by having the shower include the groom-elect as well as the bride. Those present included the bride's party and a few others. Miss Thomson was the guest of honor also at a bridge party given yesterday afternoon by Mrs. Albert G. Vedder of Huntington Terrace. Tables were arranged for twenty-four players and the prizes were won by Mrs. Thomas Norton and Miss Marie Right.

The largest social function of today was the reception given by Mrs. Samuel P. Sanborn of East Colorado street for which several hundred invitations were extended.

Mrs. Thomas S. Norton of North Orange Grove avenue will entertain

today with a bridge luncheon given for Miss Florence Thomson when covers will be laid also for Mrs. Henry Norton, Mrs. Roydon Vosburg, Misses Grace Greenwood, Marie Wright, Katherine Wadsworth, Margaret Kasher, Irene Vedder, Margaret Perry, Ada Seeley of Los Angeles, including the chosen matron of honor and the bridesmaids at Miss Thomson's wedding.

CITY BRIEFS.

The Board of Trade decided yesterday to enter a float in the Tournament of Roses parade. A committee was appointed to make the necessary arrangements. The board has also appointed a committee to confer with commissioners from South Pasadena and Alhambra upon the proposed community of interests plan.

Twelve more speeders found themselves in Police Court yesterday as a result of activities of the police with the new electric trap. The fines paid to the city yesterday totaled \$110.

The following have been appointed a boosters' committee by the Komical Knights of the Carnival, and will sell buttons in Pasadena: A. E. Wyatt, Grant Orth, E. T. Off, H. J. Webb, George L. Graham, A. J. Bertonneau, Selberg, Herman Joseph, Sam Hall, Fred Ryan, Harry West, E. P. Riley, Charles Baldwin, Will Rogers, W. P. Grace, Alec McDowell, George Brander, F. V. Rider, D. M. Linnard, David Brice, W. C. Austin, Clarence Dean and T. D. Nestor. A meeting was held last night at the Board of Trade rooms.

Reports made to the Board of Education yesterday show that the total enrollment of the Pasadena public schools exceeds the enrollment at the corresponding time last year by 500 children. The reports show that in the grammar schools there are 4169 children, of whom 2042 are boys and 2027 girls. The exact enrollment at the High School has not yet been reported, but it is believed by the Superintendent of Schools that this will swell the total attendance to 5100.

Navajo rugs are lower priced this year than ever, at 46 Los Robles ave., where you have the largest stock to inspect.

Wadsworth sells paints.

Those who have shopped at all other stores do not know what they have missing by not shopping at F. Sule One's Christmas store, No. 510 N. Los Angeles st., opposite Plaza, Los Angeles.

Hotel Vista del Arroyo, Pasadena. Mrs. Alcott, 61 N. Euclid, has the exclusive sale of Miss Nissen's bead-ropes bags.

Wonderful display of silver jewelry. Over 200 pieces at \$1 to \$5, at 46 Los Robles ave.

DOINGS AT ELSINORE.

Commercial Club Plans to Build Up Productive Section—Auxiliary Organization for Civic Work.

ELSINORE, Dec. 6.—The Masons elected officers December 1 for the year, as follows: W. M., Maj. C. T. Meredith; S. W., W. H. Green; J. R. W. A. E. Barnett; Secretary, W. H. Porteus; Treasurer, H. H. Nelson.

The Lake Elsinore Commercial Club will hold a meeting in the Bank Hall at 7:30 p.m. tomorrow, to which men and women of this section are invited to assist in the plans for the upbuilding of this rich and productive section. A woman's auxiliary club for civic work will be organized later.

The Lake Elsinore Commercial Club has pledged itself to give \$20 a month toward the City Marshall's salary until the Trustees can pay the full amount.

City Trustees Hoag and Keck were appointed a committee to draft an ordinance lowering the water rate to \$1 a cubic foot.

J. C. Easton, of Los Angeles has traded a six-room modern cottage on East Sixty-fifth street, Los Angeles, to Mrs. M. E. Bates for her bungalow on Washington street, Elsinore. Mrs. Bates will go to Los Angeles to reside, this month. Mr. Easton will rent the property here.

Long Beach.

City Trustees Hoag and Keck were appointed a committee to draft an ordinance lowering the water rate to \$1 a cubic foot.

J. C. Easton, of Los Angeles has traded a six-room modern cottage on East Sixty-fifth street, Los Angeles, to Mrs. M. E. Bates for her bungalow on Washington street, Elsinore. Mrs. Bates will go to Los Angeles to reside, this month. Mr. Easton will rent the property here.

**HOSPITAL SITE LOCATED
IN EUCLYPTUS GROVE.**

LONG BEACH, Dec. 6.—After two years ineffectual efforts to secure a site for a larger and more modern building, the Seaside Hospital Association believes it at last has been successful and that no groundswell of opposition will invade Council and block its efforts as has been done repeatedly in the past.

The new location is north of Anaheim street and east of Magnolia avenue, on a high portion of the mesa, which overlooks the lowlands to the west and commands a view in other directions. A small eucalyptus grove stands near the spot where the hospital building will be erected. A group of five cottages will also be built near by.

Plans provide for a modern institution. The new site is not in the immediate neighborhood of any homes and the association has been advised it will not be interfered with.

Complete returns from all the precincts in the city show that the victory of the charter ticket yesterday was complete. Every candidate on the ticket was elected by large majorities, leaving no room for criticism by independent candidates. Ira S. Hatch has a majority of 880 for Mayor, while H. L. Pillsbury for tax and license collector, defeated his woman opponent by 1226 votes. The total vote polled was 6560.

Mayor Hatch, who will have at his back an unanimous charter Council, says that he has made no plans or outlined policies as yet, being too busy as City Auditor, but admits that urgent legislation along certain lines is needed, notably bond issues for a new pier and for sewers.

Far-seeing men watching the trend of public opinion, apprehend that the new administration will early find breakers ahead as recent votes indicate that people are opposed to any further bond issues at present and there is no money in the city funds for these things.

Just before Justice Hart called the case of the State against Carl Stanley, manager of Hotel Virginia, charged with violating the liquor ordinance, this morning, he received word that the Superior Court had decided against him in the writ of prohibition asked for two weeks ago and made illegal the venire summoned by members of the police department, who were alleged to be biased. Judge Hart, therefore, dis-

**SEEK TO LOWER
UTILITY RATES.**
GLENDALE TRUSTEES DEMAND
COMPANY STATISTICS.

Complaints of Irregular Water Service Stir Up City Officials. Reduction in Price Is Refused by Gas Company—Illinois' Man Accepts Call to Pastorate.

GLENDALE, Dec. 6.—Preliminary steps are being taken by the Glendale Trustees toward the regulating of the gas and water rate in this city. All of the companies distributing water within Glendale's corporate limits have been notified to present to the Trustees figures concerning their business during the last several years. From these figures the Trustees will decide whether it is possible for the companies to give a cheaper water rate. This can be done, the reduced rate will be established at the earliest possible moment.

The Trustees are also looking into the complaints presented by local residents as to the company's irregular service and the turning off of the water without previous notice. The City Auditor, J. H. Vetter, and the Public Works Committee are acting in this matter.

Several weeks ago the Trustees requested from the Southern California Gas Company, which supplies Glendale, a cheaper rate. After some delay the company informed the Trustees that it would not be given. When, upon investigation, it was found that the company was not giving a statement of its business as in the cases of the water companies.

Rev. Walter E. Edmunds, formerly pastor of the Bethel Presbyterian Church of Peoria, Ill., has accepted the pastorate of the Presbyterian Church at Glendale, and will begin his duties here next Sunday morning.

The Ladies' Aid of the Baptist Church will hold a jewelry bazaar in a vacant room on Grand boulevard, between Third and Fourth streets, Friday afternoon and evening. Booths representing different items will be arranged along the sides of the room. A dinner will be served from 5 until 7:30 o'clock, in the evening.

TRAIN HITS AUTO.

Noise of Engine Drowns Rattle of Caboose and Driver and Companion Are Thrown Out.

SOUTH PASADENA, Dec. 6.—As a freight train was backing on the Southern Pacific tracks near Oak street, this morning, it crashed into an auto truck driven by John B. Baker, who claimed that on account of the noise of his engine he did not hear the train, nor did George Branonier, who was on the seat with him. The auto truck was thrown into the gutter and occupants were bruised.

South Pasadenans are interested in the plan that has been started by the Pacific Electric, which is to join the Cawston Ostrich Farm at Lincoln Park and continue on Mission street to Fair Oaks avenue, may be run up Palm avenue to Busch's garden in Pasadena, giving the first direct service to the far-famed show place.

The pulpit of the St. James Episcopal Church, which has been left vacant by the death of its rector, Rev. Frederick Hendricks, has been filled by a charge in New York, will be temporarily filled by Rev. Archdeacon Benton of Kentucky. The vestry as yet has not decided whom to call to the charge. Meanwhile Dr. Benton will conduct the church affairs.

Living "Next to Nature" Spells
HAPPINESS

Where's the man, woman or child who does not look forward with more than ordinary delight to the days out in the field among the flowers, in the orchard among the trees or on the farm among the furrrows?

There's an innate desire in all of us to live close to Nature, and here in Southern California you can gratify that justifiable longing more easily and more advantageously than in any other corner of the world.

I have some splendid tracts to show you. Beautiful sunlit tracts, where you may plant independence and reap happiness, where you may save a few dollars and reap a fortune, where you may start with a modest bungalow and will soon have a homestead to be proud of. I believe in those who believe in Southern California lands, and I look back with a great deal of pleasure and some pride to the long list of those with whom I have had satisfactory dealings on my most liberal credit terms, and who now own their own homes. Let me here present just two of the offerings that I believe will be well worth your consideration:

Perris Irrigated Farms
Splendid Fruit and Alfalfa Lands
\$100 Per Acre and Up

Within eighty miles of Los Angeles, nestling right against the foothills of Perris Valley, with an abundant water supply assured by my three big wells right on the property. With soil so rich with silt that fertilizing is practically unnecessary, as beautiful and level a tract as you could find within thousands of miles—this is PERRIS IRRIGATED FARMS. And just think of the price—\$100 and up to \$150 per acre—no higher. That includes a share in the water plant for each acre purchased, and assures abundance of water. Remember the terms are right: "FIRTH'S WAY—EASY TO PAY."

Orange Vista
Fully Proven Orange Land
\$200 to \$250 per Acre

The soil decomposed granite—no gravel. Water—in abundant plenty. Location—beautiful, with good transportation facilities. Surroundings—successful bearing groves and farm lands. The town—the thriving little city of Perris and within but a short ride of Los Angeles.

And, remember, even at these extra low prices, you will find it more so that you too will say, "FIRTH'S WAY—EASY TO PAY."

Emil Firth
346 So. Broadway
"You're Safe at Firth's"

It will be a pleasure for me to tell you all about either Orange Vista, Perris Irrigated Farms or any other kind of California land, and to show you the properties you may be interested in. You will find it time well spent.

NEWS IN BRIEF

Pico Heights Congregationalists.
For the benefit of the Pico Heights Congregational Church, a bazaar will be held in the church parlors tomorrow, from 2 to 9 o'clock p.m.
Honolulu Christmas Gifts.

The last mail to reach Honolulu before Christmas will be the steamship Sierra, leaving San Francisco the 14th inst., according to announcement made yesterday.
Dr. Day at Occidental.

At the Occidental College assembly Friday morning at 11:15, Rev. William Horace Day, D.D., will deliver an illustrated lecture on "A Trip Through the High Sierras," to which visitors will be welcome.
Brotherhood of St. Andrew.

National Field-Secretary G. Frank Shelby of the Brotherhood of St. Andrew will address a meeting at St. Paul's Pro-Catholic hall this evening, at which steps will be taken for a reorganization of the assembly, and there will be an election of officers for the coming year.
Hermosa Club Bazaar.

The Hermosa Club will hold a bazaar today and tonight at the Young Women's Christian Association building, at which fancy articles for Christmas, home-made cakes and jellies will be sold for the benefit of the club fund.
Baker Burned.

William Watterson, a baker, employed at No. 1222 West Washington street, was severely burned on the arms, neck and face, yesterday morning, as a result of the backfiring of the oil burner of the oven. He was taken to his home, No. 1348 West Washington street.
Bazaar and Home Market.

The ladies of St. Mark's Lutheran Church, Thirty-sixth place and Vermont avenue, will hold a bazaar and home market today and this evening for the benefit of the church. All kinds of useful and fancy articles suitable for Christmas gifts may be purchased, luncheon will be served at noon and supper in the evening.
Attorney's Funeral.

The funeral services for Attorney Edward L. Hutchison, who died at his home in this city, will be held at 2 o'clock this afternoon in the chapel of Booth & Boylston's undertaking establishment, Rev. Will A. Knighton, pastor of the Hamilton Methodist Church, will officiate. Interment will be at Evergreen Cemetery.
To Elect Officers.

The annual meeting of the Federated Improvement Association for the purpose of electing officers for 1912 will be held this evening in the music room of Blanchard Hall, Hill street entrance. Reports on the year's work will be read by the president, Garner Arran, and by the chairman of the various committees. A full attendance is desired.
Eastern Artist to Talk.

Prof. Arthur Winsley Dow, head of the art school of Columbia University, will address the members of the Friday Morning Club at the Women's Club hall, at 2:15 o'clock this afternoon. Prof. Dow has taken for his topic "Fine Art: the Fine Way of Doing Things." Alvin L. Coburn, the London painter, will also make a short talk and will illustrate his and his companion's addresses with the collection of fifty paintings which accompany him on his travels.
When It Rains.

A relentless prosecution awaits the person who took City Prosecutor Eddie's new silk umbrella yesterday. Eddie purchased it on the way downtown, and declared that it would never leave his hand. He entered his private office and locked the door. Half an hour later he was called away. He looked for his umbrella but didn't find it. The prosecutor declared that he had not been out of his office, but several persons had been in. He bought another—a cheaper one.
Red Cross Christmas Seals.

One of the unique features of the campaign for the sale of Red Cross Christmas seals is the immediate acquiescence of a dozen or more leading moving-picture shows in the request of Secretary Malbury, to show the seal during the evening exhibition. The seals may be purchased at 1 cent each, in the lobby of the postoffice and at leading stores, and people are urged to use them as a decoration for Christmas packages and letters—but they must not be used on the face of the parcels mailed. The sale is under the auspices of the Society for the Study and Prevention of Tuberculosis, funds for which purpose are much needed by the Los Angeles society.

BREVITIES.

Those who have shopped at all other stores do not know what they have missed by not shopping at F. Suite One's Chinatown Store, 510 N. Los Angeles street, opposite Plaza, Los Angeles, Cal.

MAKE the cook happy. Get her The Times New Cook Book, now on sale. Price 25c, postage 5c extra.

LETTERS TO
"THE TIMES."

Strong, Patriotic Words from a Veteran.

OXNARD, Dec. 4.—[To the Editor of The Times:] It would seem that for years our country has been loaded with cowards. Publishers of papers have been afraid that they would lose subscribers; merchants have been afraid that they would lose trade, and politicians that they would lose votes, if they opposed the "closed shop," and the encouraged labor unions have consequently gone from bad to worse, until there have been thousands afraid to oppose them for fear of having their heads broken by some hired thug. Men have been killed by hired slugs in Chicago and in nearly every other large city. Depot platforms, Colorado have been blown up and innocent people killed; and now, after the McNamara's have confessed, the officers of the different unions exclaim: "We are astounded at the news of the confessions. I didn't think we had any men in the unions so mean." Read between the lines and they say: "Didn't think we had them mean enough to get caught and made to confess."

Some of the union men are mad because the attorney for the defense didn't go on and endeavor to get at least one union man on the jury. That would have saved the good name of the unions in the eyes of some people who haven't made a close study of so-called labor. The laborers are not "labor" unions; they are unions for the purpose of drawing pay without labor. The real honest laborers are the "scabs" who never have had justice done them by their governments, State or municipal. This government will protect its citizens in their rights in some foreign country, even if it takes the whole army and navy to do it; but when a non-union man is slugged in the dark by some sneak of a union thug, the attention is not to the crime, or to his right to labor for the support of his family.

When will the people wake up? I feel thankful for the stand that you and others like you have taken. O for more men who are not cowards! I hope the whole bunch will get caught.
J. H. SIKRINE
(Old Soldier.)

SHE'S GOING HIGHER UP.

Pomona Teacher Has Accepted Position in State Normal School in Los Angeles.

POMONA, Dec. 6.—Miss Barbara Greenwood, who has been superintendent of kindergarten work in the local public schools for ten years and who has resigned to accept an advanced position, succeeding Miss French in the kindergarten instruction department of the Los Angeles Normal School, will assume her new duties the first of the month.

The Cosmopolitan Carnival Company of about 250 people has asked the City Council if it is permitted to be permitted to winter here. The company has been touring the East for a number of years and will go on the road again in the spring.

The Baraca class of the First Baptist Church has elected officers as follows: President, Harry Griffin, president; David Nattel, vice-president; Elmer Clark, secretary; Harry Lattin, treasurer, and Lloyd Brecht, press correspondent.

Mrs. F. W. Kenyon entertained the members of the Afternoon Bridge Club at her home on East Pasadena street this afternoon.

L. Fleming has completed the work on the new sewer job in the North Park avenue district and the streets will be put in good condition.

F. H. Oster is making plans for the erection of a two-story brick business block on West Second street, adjacent to La Pictoria Theater and the syndicate of local business men which recently purchased the lot at the southeast corner of Second and Gordon streets from A. H. Tufts, will erect a new block on the property.

Work is progressing rapidly upon the new \$30,000 addition to the Park avenue garage packing-house of the Pomona Fruit Growers' Exchange in order to prepare the house for the coming fruit season. F. Schwan and Son have also made arrangements for enlarging the packing-house east of Gordon street on the Southern Pacific tracks.

Rapid Fire Computations of the Municipal Election Figures.
Fifteen expert bank clerks totaled over fifteen thousand sets of figures in an hour and ten minutes last night, com-
pleting the work of the Press Election Bureau, through which the election intelligence came.

COMPLETE returns from the municipal election Tuesday show that the early indications after the close of the polls of a tremendous majority for Mayor Alexander and the Good Government ticket were correct. The Mayor's majority, as shown by the City Clerk's footings last night, is 34,069.

By the overwhelming vote every Good Government candidate was made a winner. Between Whiffen, the lowest in the Good Government ticket, as shown by the returns, and Wheeler, the highest on the Socialist-labor-union ticket, there is a difference of 15,000 votes in favor of Whiffen. This is as close as the Socialists came to an election of any candidate.

The lowest candidate on the ticket was Whiffen, colored Socialist candidate for Council, who received a little less than 40,000 votes.

Four members of the Council elected Tuesday, and four members of the Board of Education and the City Auditor and City Assessor will, under the new charter amendments, serve until 1915. The Councilmen are determined by the four highest, and Betkowski, Lusk, Williams and Andrews apparently led, though Andrews and Langdon are so close that the official count might turn either to a two-year term.

The same process determines the four four-year members of the Board of Education and the vote gives Bean, Frank Guinn and Mrs. Craig the long terms.

Myers for Auditor and Mallard for Assessor get four-year terms. All others elected will serve two years. By the charter "short-ballot" amendment two years from now only five members of the Council, three of the Board of Education and the Mayor and Attorney will be elected, all for four-year terms. Thus every two years half of the city's officialdom will be up for re-election.

By his lead of the list of Council candidates Betkowski becomes logically a candidate to succeed President Lusk, though Betkowski has not announced his intention to seek the chair. But it is believed he will because his purpose to become a candidate to succeed Mayor Alexander two years hence is well known. In this, too, he may have a competitor in President Lusk, who is thought to be voicing the executive chamber.

LOW MAJORITY FOR FREAK.

The adoption of the municipal newspaper ordinance by a majority of only 8000 indicates that it owes success to the Socialist support. When

LOST: SEVENTY CORPORATIONS.

Their Names Up For Prosecution on Tax Delinquencies But the Federal Officers Can't Find Them.

The names of between seventy and eighty corporations supposed to be doing business in the Sixth Internal Revenue district, have been certified to United States District Attorney McCormick, for prosecution for failure to make the return demanded by the government on the corporation tax. This amounts to 1 per cent on the net income of such corporations in excess of \$1000 under the Federal statutes all corporations, whether they are liable for the tax or not, must make the return.

Collector Parker says that the list of delinquent corporations, whose officers cannot be located. The supposition in such cases is that the corporation has gone out of business.

Noted tax expert, Mr. J. H. C. Smith, says that he will be sent to 8000 local corporations this week. They have until March 1 to make their return to the local office. It is estimated that the collections for the corporation tax account will amount to more than \$250,000.

Ghostly Find.

CANYON HOLDS CLEW TO CRIME.

BODY OF SLAIN MAN FOUND BURIED IN BRUSH.

Well-Dressed Corpse, With Skull Crushed and Knife Driven Through Heart, Dragged From Long Hiding Place In Deep Valley. Killing Evidently Some Weeks Ago.

The body of a man believed by the police to have been murdered was found in Lankershim Canyon, north of Hollywood, late yesterday afternoon. The police have no clue to his identity or that of the person who killed him.

The place where the body was found was about forty feet from the Calabasas road and about a mile from the intersection of that highway with the road leading from Hollywood through Canyons Pass to Lankershim.

The man's head had been crushed.

Population: (By the last Federal Census (1910) —319,199 (By the last School Census (1911) —350,999)

PRICE: Single Copies, on Streets and Trains, 5 Cents. For Month, Per Copy, Delivered, 75 Cents.

MILLSTONES OF JUSTICE BEGIN THEIR GRINDING.

McNamara Dynamiters Are Subpoenaed by Federal Authorities and Legal Decks Are Cleared for Commencing Government Investigation of Country-wide Conspiracy Before the Grand Jury This Morning.

THE McNAMARA brothers have been subpoenaed and both of the guilty dynamiters will probably appear before the Federal grand jury this morning. Disclosures are admittedly expected that will put the government secret service agents on the trail of the highest chain of the labor unions in the country. This morning will mark the beginning of the local investigation.

Oscar Lawler, formerly assistant Attorney-General at Washington and before that United States Attorney for this district, is in charge of the prosecution. He admitted yesterday that he had been appointed by Atty. Gen. Wickersham to pursue a searching investigation into the supposed criminal methods of various labor leaders, including the leading officials of the International Association of Bridge and Structural Ironworkers.

Lawler was busy all yesterday preparing for his nation-wide investigation. He declined to see visitors and told representatives of the news bureaus that there was absolutely nothing to give out, except as news came direct from Washington.

That the hearing begins this morning was indicated by the action of Judge Wellborn, of the United States District Court, in adjourning the important Thompson case until this afternoon. Assistant United States Attorney Reagan asked the court for this recess "on account of important business."

SECRECY THE KEYNOTE.

The government search for criminal "higher-ups" will be conducted with the utmost secrecy. Dist. Atty. Fredericks is working hand in hand with the United States officials, but he declines to discuss the case. "I can make known my own business according to my best judgment," said he, yesterday, "but I have no right to interfere with the government or State what may or may not be its purpose in carrying on the investigation. I am ready to furnish all possible assistance, but my duties do not extend outside the confines of Los Angeles county."

Lawler was closeted with Regan yesterday noon and during the day he consulted with Capt. Fredericks and members of the District Attorney's staff.

UNCLE SAM RESENTLESS.

In a Federal investigation witnesses can be subpoenaed anywhere. In State or county prosecution, jurisdiction over witnesses ceases when they leave the borders of the State. In a State investigation, the lack of funds may prevent some desired move, but the finances of the government are almost limitless. The government knows neither friend nor foe in such examinations. There is no one so high that he may not be reached and the Federal authorities never let up when once the machinery is set in motion.

It has been explained at Washington that Lawler's appointment was a tribute to his abilities as a prosecutor and his close associations with Atty. Gen. Wickersham and the President. The Washington authorities have the utmost confidence in his judgment and well know his relentless pursuit of malefactors.

Bribery and intimidation cannot reach government officers. Whether here, in San Francisco, Chicago, Indianapolis, New York or elsewhere, the investigation will proceed in a careful, sweeping way that will allow no guilty person to escape.

The prestige of prominent labor-union leaders has no terrors for Uncle Sam and were all the high officials of the Federation of Labor deemed guilty of crime, nothing could prevent their indictment.

WHOLE GOVERNMENT AT IT.

All the machinery of the Department of Justice will be set to work. It is also probable that the Treasury Department will aid in getting the facts. Before the tremendous prosecution is ended, it is believed that practically all of the details of the Federal government will be engaged in learning the details of the vast conspiracy.

According to reports from Washington, a special prosecutor will be sent to Indianapolis and another to New

Oscar Lawler.

Formerly United States Attorney in this district, Assistant United States Attorney-General and the special appointee of Attorney-General Wickersham, who will conduct the government investigation of the nation-wide dynamite conspiracy that may bring high labor-union officials into the toils. The investigation will probably begin before the Federal grand jury here this morning.

has been detailed to handle the New York end of the inquiry, it is asserted. He is considered one of the best special agents in government employ and for many years has been employed on the biggest cases ferreted out by the Department of Justice.

Just where the Federal research will end is all conjecture. Many local county officials believe that it will finally envelop the best-known heads of the various large labor organizations. The San Francisco labor leaders may also come under the scrutiny of the government.

The principal crime to be investigated is that of transporting explosives from one State to another. In doing this, it is asserted that passenger trains have narrowly escaped being blown up and that hundreds of lives have been put in jeopardy.

McNAMARAS COMPETENT.

The question of whether the McNamaras would be competent witnesses before the Federal grand jury was raised yesterday. Lawyers were of divided opinion as to whether they could testify or not but the consensus of opinion was that they could be summoned the same as any other witness. Despite the fact that they have been sentenced for felonies it is held that any disclosures they may choose to make to the grand jury can be acted upon the same as if they

Special Christmas Bargains

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The Mayor announced yesterday that he would ask the City Council to make the presidency of the Board of Public Utilities a salaried position and will not accept the resignation of the incumbent, Lewis R. Works, submitted to him yesterday.

The heartbroken plea of a man whose wife had been killed by her husband a divorce yesterday and awarded the custody of her child to him, started courtroom spectators.

At the City Hall.

SAYS THE JOB NEEDS SALARY.

PUBLIC UTILITY BOARD CHIEF HAS RESIGNED.

Seeks to Follow His Intimation of Desire to Leave Position Given Six Weeks Ago, But the Mayor Declines to Receive Withdrawal and Favors Paying Incumbent.

President Lewis R. Works of the Board of Public Utilities sent his resignation to Mayor Alexander yesterday afternoon. The Mayor did not accept it. The Mayor will not accept it, not just now, but at any time, for Alexander hopes to keep Works on the administration's working staff.

Works announced six weeks ago that he intended to resign just as soon as the general franchise ordinance had been framed by the conference of which he was acting chairman. He said he was neglecting his private business and he could not go on to continue to do so. He announced that he would always remain with the administration in its efforts to adopt such an ordinance and promised any aid he could give.

Yesterday, with the election over, with the general franchise ordinance drawn and before the Council, with the outlook cleared for any new enterprise the Board of Public Utilities might choose to undertake, Works decided that the time for the acceptance of his resignation had arrived and he wrote a short note to the Mayor.

The Mayor read the letter, and following the course of the City Council in its treatment of correspondence that it does not care to consider, he placed the communication on file. It is still on file.

"I do not want to accept Mr. Works' resignation," said he, "and if it can be avoided, I do not intend to do it. But there is no doubt that the office of president of the Board of Public Utilities, entailing as it does the demand for the incumbent's time that forces him to give to the city practically all his hours of work, ought to carry a salary. I am going to send a recommendation to the City Council asking that a salary be attached to the office that will be sufficient to remunerate the man who holds the place."

IT IS TO DRINK.

CITY COUNCIL NOT AFRAID.

Glanders or no glanders, the public drinking fountains for man and beast are to remain in use, despite the petition of the employing teamsters and a majority of the veterinary surgeons in and around Los Angeles. The City Council by a vote of five to four, so decided yesterday.

Last week, after listening to the statements and arguments of Health Commissioner Powers in favor of closing the fountains to the public, it being asserted that thirty-seven horses had died in three weeks of glanders and that the fountains were an important factor in the spread of the disease, the Council by a unanimous vote ordered the City Attorney to prepare an ordinance making it a misdemeanor to use the fountains.

When City Attorney Shenk submitted the proposed ordinance yesterday it was not received with any enthusiasm. Councilman Stewart spoke briefly in its favor, saying that it was the first step in an effort to get at the cause of the disease. But five of his colleagues did not agree with him.

Four veterinary surgeons took the stand, two of whom sustained the contention of Health Commissioner Powers that the disease of glanders is largely spread by public watering troughs. The other two said the germs can be and are conveyed by the dust and also by grazing and feed, and that water is the least harmful of the distributing agents. Gregory, Whiffen, Williams and Lusk and O'Brien opposed the measure, while Stewart, Washburn, Andrews and Hettkamp supported it. Dr. Powers is not satisfied to allow it to remain thus defeated and will probably attempt to gain the same result by other means as he is sure the fountains spread the disease.

LICENSE RESTORED.

TWO YEARS' MINUS.

After having been deprived of his restaurant liquor license for two years, John E. Brink was given permission to sell drinks by the Police Commission again, yesterday. Brink's case occupied considerable attention before the commission two years ago. He was accused by several storemen of having sold liquor to women without a license on the formality of their ordering something to eat at the same time, and the Police Commission after hearing the evidence, agreed that he was guilty. At that time, Brink and several other restaurant men were of the opinion that the ordinance did not apply to the sale of drinks in the original bottle, as in the case of a customer entering and ordering a bottle of beer or wine.

A month ago Brink made application for a restoration of his first-class restaurant liquor license, and it was referred to the Chief of Police in the usual routine without comment. Yesterday the Chief reported favorably, saying that Brink has lived here thirty years during most of which time he had been a restaurant man.

No reference was made to the affair of two years ago, but the license was granted on the Chief's recommendation, without discussion. Afterward the Mayor said he voted for the license because he thought Brink had been punished enough—that Brink knows he must conduct an orderly place or he will lose his license again.

THEY WILL GET IT.

SPECIAL POLICEMEN'S PAY.

Seventy-eight special policemen who had worked twenty-four hours during the election rush, shivered for a while yesterday morning because the City Auditor refused to audit their claims. What to do they did not know, because the way the claims were

made out they could not get even the \$2.50 that no one denied them to be entitled to receive. It took an appeal to the City Council to straighten things out.

The controversy arose over the action of the Chief who appointed 157 special policemen for the election instead of the 200 permitted by the Council. He named 73 to work for twelve hours at \$2.50 and 78 to work for twenty-four hours at \$7, whereas the Council had intended to pay 200 just \$2.50 each. Sebastian's appointments exceeded the total amount allowed for special police work.

It took the Council about five minutes to hear the explanation and one minute to allow the extra money necessary, and the seventy-eight went away happy.

City Hall Notes.

The appointment of Edward T. Barnes as patrolman was approved by the Police Commission yesterday.

The effort of Edward Froman to have an entrance to his saloon at San Pedro opened on Benson street between Fourth and Fifth, was defeated before the Police Commission yesterday. The police captain in charge said the opening of such an entrance would bring a saloon on Benson street for the first time a thoroughfare that is without the saloon district.

The retirement of George H. Williams, lieutenant of police for Injuries received in the service, was approved by the Police Commission yesterday morning.

The demand of Sidney Dell, an attorney, for \$5000 from the city for legal advice which he insists he gave in the litigation over the title lands at San Pedro and which was vital to the city's interests, was rejected by the Council yesterday. Some time ago the Council authorized Whiffen to see Dell and learn whether he would not take \$1000. He refused the offer.

At the Courthouse.

GIVES VOICE TO MOTHER'S LOVE.

MANICURIST SORBS AS DECREE TAKES AWAY CHILD.

Court Grants Husband Divorce and States Correspondence Proves Heart-Broken Appeal Follows When She Realizes Her Loss.

Apparently confident that a transgression of the moral law could not be proved by correspondence, Mrs. Lena Goldsmith in Department Six of the Superior Court yesterday uttered a loud cry when Judge Monroe granted Meyer Goldsmith a decree of divorce and awarded the custody of her 7-year-old daughter Beulah to her husband.

"Oh, don't do this to me," she cried. "You didn't give me a chance at all."

She bent her head on the attorney's table, sobbing. Her counsel, H. H. Appel, cautioned her to be quiet.

The court stated that the correspondence of Mrs. Goldsmith with one Ben Gordon, which he had read from the bench, proved the charge. Appel promptly took steps to appeal.

Mrs. Goldsmith, who is a manicurist in a barber shop, is dark-haired and husky. She is charged with having stood and her indignant denials of the charge were made through her counsel.

Beulah is attending the Page Seminary in this city, and because of her father's case, she was called to see her daughter, had created a scene the court ordered the husband to take the child home where the mother would be permitted to see her once a week.

The letter read from Mrs. Goldsmith to Gordon acknowledged the receipt of money, told how lonely she was, and commented on his absence. "We must have something more for our lives than honey," she signed them.

Goldsmith loved that Gordon had sent for him and given him the letters. He also said that before his wife, from whom he was separated, had written warning him against a crazy man who might kill and whom she hated, he did not know of Ben Gordon.

DIGS INTO BONUSES.

COMPANY'S FREE ASSETS.

An interesting development of the injunction suit of the Union Hollywood Water Company against the City of Los Angeles to restrain the latter from enforcing the rate-fixing ordinance, cropped out yesterday before Judge Wood in Department One of the Superior Court. John P. Young, who is associated with City Attorney Shenk in defending the suit, elicited the fact that in 1910 what was equivalent to contributions from property owners to buy pipe lines and service meters amounted to \$30,000.

It was shown that tract owners and consumers turned in to the company in 1910 \$22,974 and that this money was used by the company in extending its main pipe line, thus affording a considerable saving in expending its own money for pipes. There was also turned in for meters and service meters amounted to \$30,000.

The city asserts this is a return to the company from the operation of its water plant. The company contends that it is merely in the nature of a bonus which should not be counted in as a receipt from the water business and that it has nothing to do with the fixing of the rate.

Young quoted yesterday that the city should take this bonus into consideration in determining whether the receipts from pipe and meters make a reasonable return to the company. This point will have considerable effect in determining whether the company shall charge its former and higher rates or the lower rates fixed by the city. Meantime the company is turning over to the court the excess charges and if the suit is decided against it the money, which amounts to about \$20,000, will be distributed among the consumers.

SUES PRISONER.

DYNAMITER IS NAMED.

J. B. McNamara, who pleaded guilty to having dynamited the Times Building, October 1, 1910, and was sentenced Tuesday to life imprisonment in San Quentin, was served with a summons by Deputy Sheriff Crowley yesterday, as John Doe, named in the complaint charging The Times-Mirror Company, the Western Union Telegraph Company, and the Los Angeles Gas and Electric Corporation with contributory negligence in causing the death of Robert L. Sawyer.

The complaint was filed October 26 by Mrs. Louise M. Sawyer for her children, John S. and Marjory L. Sawyer. She asks \$50,000 damages.

John Doe and Richard Doe were named among the other defendants. The confession of McNamara has made it possible now to serve J. B. with summons, although it will not be necessary for him to appear in court.

A LA AMERICANA.

KOREAN WANTS DIVORCE.

That the divorce court grinds for all, whether native or foreign, was exemplified yesterday when Judge Monroe took a deep interest in the case of Mrs. Sarah Song, a Korean. She is asking a divorce from Won Song, who has deserted her, leaving her to provide for a family of four, ranging from 6 years to 5 months old. Mrs. Song testified through an interpreter that her husband had struck her with his fist, and threatened her life with a knife. It appeared that Won Song had pinned \$400 in the hands of two men, and the court ordered that they should be returned with the money, in which case he will allow Mrs. Song alimony.

SUSTAINS WRIT.

The jury selected by Patrolman Remel, acting under the instructions of Chief Meyer of Long Beach, who is in the litigation over the title lands at San Pedro, will not try Carl Stanley, manager of the Hotel Virginia, for violation of the liquor ordinance. The case, however, will be heard by Judge County yesterday.

Judge County yesterday sustained the petition of Stanley for a writ of prohibition. Stanley was previously tried on this charge, and the jury disagreed.

HEIRS GET CASH.

HIS PARTNER'S ESTATE.

J. M. McLeod, who is executor of the Winton estate, has distributed the money to the heirs as it is the lots which Winton owned, were sold, and the cash collected. Winton was a partner of McLeod, in the real estate firm of Winton & McLeod, which had the Figueroa tract.

He stated yesterday that he knew nothing about a contest. A small balance remains, and this represents in real estate, which has not been sold. Winton left an estate of about \$50,000. He was divorced from his wife, and left her share to a woman of this city, for whom he had formed an attachment.

COURTHOUSE NOTES.

BREVIETTES MISCELLANEOUS. PACES PALS. Frank H. Stevens and Arthur L. Anderson will be tried for the murder of J. A. Pressman at his shop, No. 316 East Ninth street, before Judge Willis in department eleven today. The jury was drawn yesterday. Joe Siegel, who pleaded guilty to having shot Pressman and received a life sentence in San Quentin, has been brought here and is in the County Jail. Whether he will be cited as a witness against his partner depends on the technical construction of the statute. The young men were together on the night of the murder, but Stevens only entered the shop for the purpose of robbing Pressman. When the latter resisted, Siegel shot him and ran.

WILL FACE JURY. Babe Le Roy, 19 and pretty as a picture, actress, who is charged with having been tempted into stealing a dress from Josephine Fleming, No. 549 South Grand avenue, November 15, pleaded not guilty before Judge McCormick in department ten yesterday. Her trial was set for January 2.

QUICK ACTION. It took about 5 minutes of Judge Monroe's time yesterday to grant Mrs. Mattie Mead a divorce from William H. Mead. He pleaded guilty May 14 of last to having received stolen property and was sentenced to two years in San Quentin.

ACCOMMODATING COURT. Because Dr. C. P. T. Watson was too feeble to climb the stairs to Judge McCormick's courtroom yesterday, the Judge held court in the Sheriff's office. Watson is charged with malpractice.

THE "TIMES" SPECIAL HOLIDAY BOOK SECTION.

NEXT Sunday, December 10, The Times will print a special holiday book section, devoted exclusively to the books and book news of the fall of 1911.

It will give critical reviews of all the important books published this autumn, including works of fiction, religion, poetry, drama, science, travel, biography, belles lettres, etc.

This number will contain special literary articles and reviews by many of the best critics in America, including Edwin Bjorkman, Henry L. Mencken, Percival Pollard, William Stanley Braithwaite, Allan Davis, W. C. Morrow and Willard Huntington Wright.

A special feature of this special number will be literary news letters from all the important publishing centers—Paris, London, Berlin, Vienna, New York and Boston.

There will be an abundance of news of the writers, their lives, methods of work, homes, habits and plans for the future.

The reviews will be departmentized and arranged in the order of their importance, the object being to facilitate the purchase of holiday books for the reader or gift-giver who has not time for personal investigation. A warning will be sounded against the poor and worthless books.

The Times Special Holiday Book Number will be copiously illustrated with pictures of authors, reproductions of interesting photographs included in the new books, etc.

There will be an important list of the best juvenile books for children of all ages. The list will be carefully compiled by an expert in children's reading, and it will be an invaluable reference for purchasers of young people's books.

No one should attempt to do one's holiday shopping without this book section. It is arranged to facilitate the selection and purchase of holiday books of every description.

It will be printed in magazine form, on special paper, and stitched. No one interested in books, literary matters, or any phase of the modern book world should be without The Times Special Holiday Book Number of December 10.

practice. He was arraigned yesterday and was held to plead Monday.

ASK PROBATION. Robert Barry and J. H. Cullen pleaded guilty in Judge McCormick's court yesterday to having sold \$2500 shares of Pierce, Fenner & Smith stock, and applied for probation. They counterfeited the stock and sold it to the Holiday Motor Company.

WOMAN NATURALIZED. Terzina Margaret Elizabeth Perettina, aged 22 years, a student, residing at No. 4625 Hudson avenue, was naturalized in Judge County's court yesterday, on the declaration of her father, now deceased. Miss Perettina and told him no one but the police could do that. Ritcher then left rapidly.

When he is found Ritcher will be asked to explain the mistake to Police Judge Williams in the University Police Court.

"ALL WOOL." BUT WHOSE IS IT? Hair pulling was the principal feature of testimony in Police Court yesterday when Mrs. Mollie Sugarmann charged Mrs. Anna Rosenberg with having attacked and treated her "awful." Mrs. Rosenberg told Police Judge Chambers not to believe it but to accept another version of the story. The magistrate was inclined toward the tale of Mrs. Sugarmann and Mrs. Rosenberg was fined \$20.

Mrs. Sugarmann said she was talking to a friend in front of her home on North Bunker Hill, near College street, when Mrs. Rosenberg approached and accused her of having mistreated one of the little Rosenbergs. The statements of the witnesses uphold Mrs. Sugarmann and Mrs. Rosenberg as a last resort exhibited a look of hair with the assertion that it had been snatched from her head by Mrs. Sugarmann. The women were commanded to remove their hats and Gardner inspected their tresses very closely with the result that he was unable to decide from whose head the stray lock had been torn.

It was shown, however, that Mrs. Sugarmann was on her own property when the quarrel took place and Mrs. Rosenberg was held at fault.

Angry Matron Finds Her Dishwashing Interrupted and she hurries to City Prosecutor to Complain of Unolicited Attention on Part of "Gingerbread Man."

Mrs. J. D. Gallegos called upon Deputy City Prosecutor McConnell yesterday to tell him that she was not a servant girl. McConnell heard and issued a complaint charging Carl Ritcher, a driver of a bread wagon with "battering." Mrs. Gallegos complained that

the "battering" was committed in the center of her rosy cheek. Ritcher apparently believing her one of the help.

Mrs. Gallegos says she was engaged in the kitchen of her home, No. 1455 East Twenty-third street, yesterday morning when Ritcher entered with a basket of bread to sell her the daily supply.

While she was helpless, her hands being in the dishwater, she declared he grasped her about the waist and kissed her several times. Then he placed a loaf of bread on the table and departed hurriedly.

Later, she said, he discovered his mistake, returned and tried to "square" matters. She was obdurate and told him no one but the police could do that. Ritcher then left rapidly.

When he is found Ritcher will be asked to explain the mistake to Police Judge Williams in the University Police Court.

The Oil Industry.

MIDWAY WELLS

STILL SPOUTING.

The Hale-McLeod Company

Gusher Is Going.

to Begin Drilling on

Lakeview Ground.

News of Interest

from Oil Fields.

The Hale-McLeod Company

is commencing drilling on the

Lakeview ground, near the

Union Oil Company's well No. 1.

When the fact was brought

to the attention of the other wells on this

ground was suspended, and several

hundred feet were left in the holes.

These would necessitate a

reworking of the well in order that the

drilling might be resumed.

One day last week C. J. McLeod

successfully "shot" wells

No. 1 and 7.

The Hale-McLeod Company

has a section 22, 21-22,

which has a monster well on its

section No. 1. Since the hole was

drilled on three separate occasions

it has broken loose and spouted

oil at a volume of over the top of

the well. Last Monday it again

spouted, and flowed at

a volume of 400 barrels a day. It is

now flowing. Superintendent

McLeod has prepared for a gusher well

but a small quantity of oil

has been over the derrick.

radiotelegraphy, in the Bureau of

Standards, Washington, \$1800 a year.

A Record Breaker.

BIG BOOK RUSH

IS SURPRISE.

"TIMES" ASTONISHES EASTERN

"SHOW ME" MAN.

Rush Orders for Dictionaries

Bring Representative of Eastern

Publishing House to Los Angeles

on the Run to See What's Up.

Calls Run Remarkable.

There ain't no such animal.

That's what the farmer said when

he saw his first circus giraffe, and

that is practically what eastern pub-

lishers have been saying about the

record-breaking run upon The Times'

book bank. It has been almost im-

possible to meet the demand, so great

have been the inroads upon The

Times' banked-up store of Webster's

new illustrated dictionaries created by

Los Angeles' insatiable craving for

knowledge neatly bound in black limp

leather.

Six consecutive coupons from The

Times and a small bonus secures a

book.

"What's coming off in Los An-

geles?"

That has been the terse exclamation

going the rounds of the publica-

tion world as wire after wire carried

the news of the rush for dictionaries

and the demands for more carloads

of books faster than the publishers

could readily supply them.

Yesterday the dictionary man, the

one who is responsible for the crea-

tion of the volume which has set

Los Angeles dictionary daffy, hurried

into town to "see what was up."

"Unbelievable," was the word he

used when he saw the dictionary de-

Clever Conceits In Silver Jewelry

The far east is here proclaimed in these marvelously beautiful productions in silver jewelry.

Exquisitely enameled lavalieres, pendants, brooches, veil pins, waist pins, rings, buttons and scarf pins.

Only real stones are employed, and the designing and workmanship are as cleverly done as in the most aristocratic gold pieces. The prices range from a dollar or even less up to \$20 or \$25.

For gift giving occasions it is exceedingly appropriate and not possible of duplication.

We specialize Gorham canes, umbrellas and leather productions.

Events in Local Society

Mrs. Mary Le Grand Reed,
Who is planning a delightful European trip.

MRS. E. J. MARSHALL is entertaining her attractive niece, Miss Grace Constance Willis, of Houston, Tex., who has declared her intention of remaining for the entire winter.

In Miss Willis's honor Mrs. Marshall is planning a masquerade party for the evening of December 26. On this occasion the guests will also meet Mrs. Marshall's son, Marcus, who will be home from school in Asheville, N. C., for the Christmas holidays.

About 150 guests are to enjoy the party, and Mrs. Marshall has asked intimate friends to assist her in receiving.

Mrs. Phila Miller, daughter of Mr. and Mrs. John Miller of Pasadena, will also compliment Miss Willis. Los Angeles and Pasadena guests will be included.

Mrs. Coffey to Entertain.
Mrs. Titian Coffey of West Thirty-first street will entertain with a debutante tea party the latter part of the week in compliment to Miss Margaret Drake. Though informal the afternoon promises much pleasure.

Mrs. Barker's Party.
Mrs. W. A. Barker of No. 1689 West Adams street is another hostess who is planning a delight for her many friends. Mrs. Barker's party will be given at the Los Angeles Country Club and will be a radiant affair. December 10 has been decided upon for the date and the invitations will soon be issued.

Another Affair.
Students of the Westlake School for Girls are to be entertained with a dancing party the evening of December 15 at the school. A similar affair at Kramer's is scheduled for February 23. Music will be by Aend.

Large Reception.
A fashionable affair of yesterday afternoon was the large reception given by Mrs. Raymond W. Stephens of No. 636 Kingsley drive as a courtesy to Mrs. Albert M. Stephens, Jr., who will be remembered as Miss Helen Smith.

The home was a mass of beautiful flowers, the dining-room glowing with quantities of red carnations, while the living-room was banked with large poinsettias. Roses in delicate shades were attractive in the beautiful drawing-room, where the many guests were received by the hostess, who was assisted by Mrs. Arthur Bumiller, Mrs. Harold Dray, Mrs. John T. Burke, Mrs. Leo Chandler, Mrs. Walter Comstock, Mrs. Michael J. Connell, Mrs. Henry Owen Eversole, Mrs. Donald Frick, Mrs. Frank Gillette, Mrs. Benjamin Harwood, Mrs. William Johnstone, Mrs. Roy Koster, Mrs. A. L. Macleish, Mrs. Roy Pinkham, Mrs. Rose Russell, Mrs. Hamilton Bowman Rollins, Mrs. Louis H. Tolhurst, Mrs. Thomas Caldwell Ridgway, Mrs. Robert Sherman, Mrs. James Woodruff, Mrs. Shirley C. Ward, Mrs. David W. Wurtsbaugh, Mrs. Moye Stephens, Mrs. Albert M. Stephens, Sr., Miss Annie E. Ward, Miss Kitty Walbridge, Miss Marion Stinson, Miss Edith Maurice, Miss Sue Carpenter, Miss Helen Newlin, Miss Fanny Rowan, Miss Harriett Severance, Miss Inez Clark, Miss Lucille Clark, Miss Dorothy Macleish and Miss Lucy Clark.

Home Again.
Woods R. Woolwine of Kingsley drive has returned from a fortnight's outing in the East.

Mr. Bradshaw Home.
William H. Bradshaw has returned from Salt Lake City, where he spent several weeks.

Franklin-Heslet Wedding.
The Magnolia-avenue Christian Church was the scene last evening of an interesting wedding when Miss Hazel Franklin became the bride of Elmer A. Heslet, the pastor, Rev. Jesse P. McKnight, presiding. The bride was attired in white chiffon over meshlike embroidered with crystals. This was made en-train and she wore a tulle veil and carried lilacs of the valley. Her sister, Miss Rose Franklin, as maid of honor, was garbed in pink silk, with trimmings of crystal fringe and an arm bouquet of pink carnations. The Misses Grace Evans, Alba Wil-

son and Olive Hood, the bridesmaids, were attractive in Nile green silk, daintily trimmed muffs of maidenhair and carnation added, a finishing touch. Little Frances Franklin assisted as flower girl. The groom was assisted by Homer Brauer and the ushers were E. C. Franklin, Joseph Martin, and C. Coghlan.

The church was filled with carnations and greenery which were artistically combined.

Following the service a reception for relatives and members of the church was held at the home

of the bride's parents, Mr. and Mrs. H. Franklin, No. 812 West Seventeenth street. Immediately afterward the young couple left for a honeymoon trip and will later live at No. 143 North Avenue 23, where they will be at home after January 1.

To Give Bazaar.
The ladies of the West Adams Methodist Episcopal Church will give a bazaar, dinner and entertainment today and tomorrow from 2 to 10 o'clock. A feature of Friday's programme will be the baby show.

At the Country Club.
The Los Angeles Country Club will be gay this evening in behalf of the dancing party given by the Misses Annis and Kate Van Noy in compliment to Mr. and Mrs. Lyman Ross McFie, who have just returned from their honeymoon trip. Mrs. McFie was formerly Miss Phila Milbank.

To Leave.
Mrs. Mary Le Grand Reed will spend the next six months in Europe. Mrs. Reed has planned a pleasant trip which will take her, among other places, to Paris and Germany.

Trip Ends.
Mrs. E. P. Bryan and daughters, Miss Minnie Bryan and Mrs. L. T. Bradford, have returned to their home, No. 41 Westmoreland place. Mrs. Bryan and Miss Bryan having just concluded a six-months tour in Europe, where they met in New York by Mrs. Bradford, who accompanied them home.

At California Club.
Mrs. A. L. Stetson, Mrs. George E. Hazard and Miss Stetson were hostesses yesterday afternoon at a large reception given at the California Club. Mrs. J. M. Jones played harp selections during the receiving hours.

THOMPSON TRIAL ON.

Much Delayed Case Commenced With Testimony of Abhorred Former Representative.

The Fred H. Thompson trial was resumed before Judge Wellborn and a jury in the United States District Court yesterday, after a delay of more than a week. The direct examination of Orlando P. Altorre was concluded, and the cross-examination is still in progress. Neither the examination developed anything not brought out on the former hearing. The motion of the defendant to dismiss the complaint on the ground that the fraudulent intent of Thompson is not set out in the indictment was argued at some length and it is likely to be heard from later on in the trial. Judge Wellborn has asked for a marshaling of the authorities on the question.

THE WOMEN'S CHAMPION.

The Women's Progressive Review, the new champion of the women of the city, was of much benefit to them during the recent campaign, on account of its educational articles along political lines. It has the support of many women who have been prominent in winning the great victory, and is under the editorial direction of Frederick R. King.

GIVES THANKS FOR VICTORY.

Citizens' Committee Jubilant Over Its Work.

Thanks District and Precinct Captains and Workers.

Resolution Approving Policy of "The Times."

Speeches on the signal victory of the Good Government forces over the socialist party yesterday afternoon. The factors and activities that brought it about were features of a special meeting of the Executive Committee of the Citizens' Committee at headquarters yesterday afternoon. A number of resolutions were adopted thanking individuals and organizations for the services which they rendered during the campaign and on election day. Among them was the following, in appreciation of the stand taken and the fight made by The Times:

"Resolved, that The Times was a potent influence in the campaign just concluded for the establishment of a stable government in Los Angeles for the maintenance of law and order, and for the devotion to the principles for which the Citizens' Committee contended, and to which Gen. Otis and his associates have given the best years of their lives. At no period did we call on The Times for publicity in vain, its columns being ever open to this committee. Los Angeles owes a lasting debt of gratitude to The Times and its management, which cannot be too fully expressed."

When the meeting was called to order, the chairman, Mr. J. J. Peters, called the committee could be finally adjourned. When it found that would be impossible, it was decided to meet again tomorrow afternoon, at 3 o'clock.

Bradner W. Lee, the chairman, presided. Only two members of the Executive Committee were absent. Rising slowly Lee said:

"As your chairman, I have nothing to report, but the great victory Tuesday."

He got no farther for the applause and the cheers drowned his words. That spirit of enthusiasm pervaded the remainder of the meeting, which lasted more than an hour.

PRaises FIELD FORCE.

George N. Black, chairman of the Precinct Organization Committee, was profuse in his thanks of the valiant service rendered by the district captains, the district managers, precinct captains, and workers. He said, considering the short time since the primaries, an efficient organization had been created, adding:

"The real credit for whatever effective work has been done in the

campaign should be given to the men in the field, the district managers, precinct captains, and workers, who have been loyal. They are entitled to the thanks of this committee. "I therefore move, Mr. Chairman, that the Executive Committee extend a general vote of thanks to all of the men who composed the organized field force of the Citizens' Committee, so as to let them know that this body is aware of the fact that they are entitled to the credit for it."

Hon. F. Del Valle spoke heartily in commendation of the following men who have given their whole time for the benefit of this committee and were not members of the Executive Committee, mentioning Perry W. Weidner, Horace Prince, H. H. Cotton, Charles Andrews, H. G. Holabird, Percy H. Clark, L. T. Bratford, G. Van Pelt, Austin O. Martin and Walter R. Leeds.

Former Judge Albert M. Stephens followed with a list of praise for the chairman of the committee, saying of Lee:

"While I think it is proper that no single member of this committee should be deserving of special praise, I speak now of the whole body. I do think, however, that there is a man who sits with us in this circle that deserves the thanks not only of this committee but of the entire community."

OFFICERS CHEERED.

The chairman replied in a feeling manner after the echo of three cheering cheers had been given for him, saying in part:

"What I have done, gentlemen, was in the line of what I conceived to be my duty. I have never been associated with so able a body of men in my whole career. Men who were competent and able, at merely a suggestion of a line of duty, take it up and handle the detail without further instructions."

Oscar C. Mueller elicited much applause from the committee when he said of J. J. Peters, the secretary:

"Now, I am sure that there is nothing I can say that will add to the lustre of his services; you know them all; everyone connected with the committee and organization knows them. And I want you all to join with me in this motion that we extend a special vote of thanks to J. J. Peters, for his efficient and able services rendered this committee and this whole community."

Stephens called the committee's attention to the fact that Chairman Lee did not accept his present office until promised that he would have the assistance of Peters. The latter replied with some modesty:

"I have tried to do my best as I felt that situation demanded every effort that I could put forth."

Black added to Peters' popularity by saying:

"I will say that I think I reflect the judgment of every man of this committee when I say I do not think there is in the United States a more capable man in his line of work than J. J. Peters."

Votes of thanks were then given the Los Angeles Chamber of Commerce for lending the committee numerous flags; the Woman's Progressive League, in appreciation of the services rendered; Thomas H. B. Varney for billboard advertising; the Pacific Coast Advertising Company for street car advertising; more than 1000 citizens for the use of the automobiles during the campaign and on election day, and the San Pedro Conference Committee.

By Precincts.

VOTE FOR MAYOR PUTS CITY FAR IN THE LEAD.

By its tremendous vote of Tuesday at the municipal election Los Angeles leaps at one bound to the front in voting population among the cities of the Pacific Coast. In no other, even where suffrage is enjoyed by women, has there been an approach to the figure. It also breaks the record for high percentage of the total registration 74 per cent. The total registration was 188,000 in round numbers and the vote 138,500 in round numbers, thus producing a 74 per cent. But the registration is confessedly too high, being filled with duplications and "dead" names.

County Clerk Leland believed 162,400 the actual valid registration. If this is true the vote represents 86 and a fraction per cent. of the registration, if expurgated. The general belief of the politicians of all organizations is that it was an 80 per cent. vote of the real voters.

In the Alexander column Precinct No. 61 B carries off first honors with a vote of 768 for Alexander. With the other half of this precinct (No. 61 B) Alexander received 1182.

But for the biggest vote given Alexander by one old precinct No. 34, which was divided into three precincts, leads with 1418 for Alexander and only 108 for Harriman. Division B of this precinct gave Alexander 620 votes. Other precincts that were high are: No. 171, Alexander 625, No. 254 A, Alexander 610, No. 156 Alexander 602.

Hollywood (Precincts Nos. 234 and 235) gave Alexander 2265 and Harriman 317, a majority against the Socialist of 1954, and yet his managers concentrated work in Hollywood hoping for a big vote.

The lowest vote received by Mayor Alexander was in Precinct No. 23, which is filled with aliens.

Harriman's highest votes were in Precinct No. 7 where he received 384 and the adjoining precinct No. 8 where he received 382 and in No. 16 where he got 154. His lowest vote was in No. 231-4 votes—and the biggest vote against him was in No. 164 B where Alexander received 335 and Harriman 5 votes.

The following is the vote for Mayor by precincts:

Precinct	Alexander	Harriman	Votes

A Wonderful Christmas Showing of Scarf Pins

IT is doubtful if any store in all America shows a more important display of men's scarf pins than you will find at Brock & Company's. Our showing comprises more than 1200 different designs, all 14 karat gold and none but real genuine stones employed in any mounting. The prices range all the way from \$1.50 up to as high as \$400, so that every possible requirement can be supplied.

For a man's gift there is nothing one can think of that is more sure to please, for no man ever has too many scarf pins.

We invite you to come here and see this wonderful scarf pin exhibit.

Our special Scarf Pin Window Display will give you an idea of the comprehensiveness and character of our showing.

MILLSTONES OF JUSTICE.

(Continued from First Page.)

were made by persons who were enjoying perfect liberty.

Capt. Fredericks said yesterday that the dynamiters could answer or refuse to answer questions just as they wished as they were in the peculiar position of being "free agents" because of the fact that they were State prisoners.

"They are prisoners of the State now and cannot be punished if they go before the Federal grand jury and refuse to answer any question that is put to them," said the District Attorney.

McNAMARA'S CHEERFUL.

RESIGNED TO THEIR FATE.

Sheriff Hammett is now arranging for the transportation of the McNamaras to San Quentin. Because of the notoriety attached to the case, the Sheriff does not want any crowd to throng about the County Jail to see the brothers taken away.

"The public will know all about it when the men reach State's Prison," said the Sheriff yesterday. Personally I would not fear taking the men in the open aided by one of my deputies. But I want to administer this office for some time. Both have thrown off the load of suspense that formerly weighed upon them.

The Sheriff said the two prisoners appeared to be feeling better yesterday than for some time. Both have thrown off the load of suspense that formerly weighed upon them.

CONGRATULATE MAYOR.

Telegrams and Messages From Far and Near—Carnegie and John Hays Hammond.

Telegrams from Andrew Carnegie and John Hays Hammond were among those received by Mayor Alexander on the result of the election.

The first one he took up from the desk and opened was from the Laird of Skibo. It read as follows:

"JOHN HAYS HAMMOND." "The first one he took up from the desk and opened was from the Laird of Skibo. It read as follows:

"NEW YORK, Dec. 6.—When the American voters are thoroughly aroused they do their duty fearlessly and intelligently. I congratulate you on the high honor paid you by your fellow-citizens, and I congratulate them on their good judgment in making you their Mayor."

Other messages were received from many parts of the State, among them one from ex-Sheriff John Burr at San Fernando that the Mayor prized very highly, as Burr is one of his oldest friends. Mayor Frank K. Mott of Oakland and Park Commissioner H. W. O'Melveny, who is in New York, showed that they had received and appreciated the news by sending brief congratulatory telegrams.

On his arrival at the City Hall yesterday morning Mayor Alexander was greeted at the door by a crowd of city officials, who wanted to carry him on their shoulders to the Mayor's office on the second floor. But he would not have it. They seized him anyhow, and wrapping him in an American flag escorted him up the stairs and encoined him in his chair at the head of the Police Commission table.

ords that started the beginning of the celebrated criminal trial, is being made over into a courtroom for civil business. The desks put in for the newspaper men have been removed and the space filled with benches for the spectators. Judge Bordwell will soon hear cases after a brief recess. He has been one of the most robust figures in the case and at the end when nearly everyone else except Capt. Fredericks, showed the sign of wear, the judge was as active as at the beginning.

DEATH OF AN ATTORNEY.

Services Over Remains of Late Hutchison of Los Angeles Bar Will Be Held Today.

Edward L. Hutchison of this city, well-known in legal circles, and familiarly known as "Ed Hutch," who died at his home, No. 1845 Park Grove avenue, on Tuesday evening, will be buried this afternoon at 2 o'clock. The service will be held at the parlors of Booth & Boylston, No. 1147 South Flower street, and interment will be in Evergreen Cemetery.

Hutchison came to this city in 1886 from West Virginia, and for some years was engaged as a school teacher, during which time he read law and became interested in politics. He served one term in the City Council, and in 1899 was the Democratic nominee for Lieutenant-Governor of California. He was 47 years of age at the time of his death, and leaves a widow and a young son.

Interpretation of Browning's "Saul." A very unusual Sunday-evening attraction is to be presented at the First Congregational Church on next Sunday, when Mrs. Merrill Moore Grigg and Miss Fannie C. Dillon will interpret Browning's dramatic lyric, "Saul," and the public is cordially invited to attend. Months of study on the part of Miss Dillon has enabled her to produce a musical interpretation that has won the commendation of all who have heard it and Mrs. Grigg, as a dramatic reader, is well known to Los Angeles.

of nutrition and complications in the crop.

Diseases commonly known as Mottled leaf, twig gum, gum disease and others peculiar to citrus trees, and which take some time to overcome, are also the result of lack of rain and water when needed.

Probably the most harm done to the crop locally is in the increased number of oranges that crack open. This is quite evident throughout the district and it is the theory of experts that this is caused almost entirely by dry weather.

The rainfall up to 9 o'clock last night was 40 of an inch, making the total for the season 1.40 inches.

The total to December 20 last year was 1.20 inches, but the dry winds did not continue for so long a time and the groves did not suffer.

Harvesting the holiday crop of navel oranges has already begun and will not be hindered unless a great deal more rain falls today.

Most of the cover crops are in and they will be greatly benefited by the small amount of rain that has already fallen.

ABOUT SAN DIEGO. GENERAL RAINS REPORTED. (BY DIRECT WIRE TO THE TIMES.) SAN DIEGO, Dec. 6.—[Exclusive Dispatch.] The first bounteous rain of the season here began this afternoon. Today's precipitation amounted to .15 of an inch. This is being followed by a generous downpour tonight. The rain throughout the back country is general.

At Warner's ranch the precipitation today was .21 of an inch. At Ramona, 25 of an inch fell. The season's rainfall to date is .71 of an inch against .138 inches last year. The normal deficiency is now .58 of an inch.

IN KERN COUNTY. LAND READY FOR PLOWING. (BY DIRECT WIRE TO THE TIMES.) BAKERSFIELD, Dec. 6.—[Exclusive Dispatch.] About 87 of an inch of rain fell this morning and this with a gentle downpour beginning tonight at 9 o'clock, makes the second wetting that Kern county has received this season. Following 20 of an inch that fell Sunday night, which was just sufficient to sprout the grass seeds, the present rain will do a great amount of good.

The weather the intervening day was warm and still, and little of the first rain was wasted. With one or two more light showers such as the present will be well started and plowing for grain will be greatly assisted. The rain is general and uniform over the county.

RIVERSIDE REJOICING. ALFALFA CROPS NOW SURE. (BY DIRECT WIRE TO THE TIMES.) RIVERSIDE, Dec. 6.—[Exclusive Dispatch.] Rain, which began falling here at 7 this morning, fell generally throughout the day all over the western portion of Riverside county. In the Hemet, San Jacinto, Escondido and Perris valleys there was slightly more precipitation than the 47 inch registered in Riverside up to 8 o'clock this evening, when the downpour ceased.

Not in several times did a more welcome rain fall in this end of the county. The groves, pastures and grain fields have needed it badly. The effect of the rain is to eliminate one general irrigation ditch in the citrus fruit orchards while the barley and alfalfa fields not under the ditch are now assured a crop that was uncertain. For this reason there is general rejoicing among the ranchers that the rain should fall so early in the season. In all of December last year there was only .07 inch of rain.

IN ORANGE COUNTY. RANCHERS WANT MORE RAIN. (BY DIRECT WIRE TO THE TIMES.) SANTA ANA, Dec. 6.—[Exclusive Dispatch.] Rain began falling at 8 o'clock this morning and during the day .50 of an inch fell. Ranchers are anxious for two or three inches more. The only harm to crops that might come from a storm would be a delay in orange and celery shipments. Other crops and pastures and land for plowing, however, would be greatly benefited by a heavy rain-fall.

SAN BERNARDINO COUNTY. ORANGE GROVES BENEFITED. (BY DIRECT WIRE TO THE TIMES.) SAN BERNARDINO, Dec. 6.—[Exclusive Dispatch.] San Bernardino 40, Highlands .52, Redlands .30, Colton .24.

Such was the precipitation in this valley from today's storm. The rain

has been sufficient to stop orange picking. Along the mountains there has been a heavy fall of snow. Up to 6 o'clock tonight, three inches of snow had fallen at Pigeoncrest and Skyland, while the snow line extends well down the southern slopes of the range.

The rain is hailed as beneficial by the orange growers and ranchers generally. Indications are for continued rain in the valley and snow on the mountains during the night and tomorrow.

Pastures are reported to be badly in need of moisture and, although this is only a light rainfall, it will do much to help conditions. Cattle are said to be in an unusually fine condition and now a heavy rainfall will mean thousands of dollars for the cattlemen.

The total amount of precipitation for the past thirty days is the smallest record for the last seven years. This dry weather has been a boon for orange growers who have marketed a total of 800 cars. This is the largest total to date in the history of the Porterville district.

VENTURA COUNTY. FOR BEET, BEAN AND GRAIN. (BY DIRECT WIRE TO THE TIMES.) OXNARD, Dec. 6.—[Exclusive Dispatch.] The first real rain of the season which commenced falling at an early hour this morning, will mean thousands of dollars to this section. Ranchers in all parts of this county are delighted. Tonight the precipitation for the day was figured as being slightly more than .40 inches. This makes a total of about .85 inches for the season.

To bean, beet and grain raisers the rain has come at a most opportune time, greatly softening the land and making plowing much easier, as well as increasing the productivity of the soil.

SANTA BARBARA COUNTY. SOAKING RAIN WELCOME. (BY DIRECT WIRE TO THE TIMES.) SANTA BARBARA, Dec. 6.—[Exclusive Dispatch.] Santa Barbara county was given a good soaking last night and until late this afternoon. The total precipitation for the storm is 1.78 inches, which makes a total of 2.57 inches for the season. Farmers are rejoicing over the rain, as it will do them a vast amount of good. The rain clouds passed away this evening and local forecaster Russell predicts fair weather tomorrow.

REFINERS ACCUSED OF FRAUD. PHILADELPHIA, Dec. 6.—[By A. P. Night Wire.] A special grand jury which investigated alleged irregularities in the collection of duties on sugar imported here made a report today to Judge Holland in the U. S. District Court that in the case of the McCahan, the Franklin and the Spreckels sugar refining companies there had been irregularities varying from sharp practices to systematic fraud. The jury also found that the customs weighers were careless.

Real Ivory Toilet Wares

Made in Paris to the special order of FEAGANS & COMPANY from real ivory personally selected from the task.

The most beautiful toilet ware of which one can conceive—entirely uncommon—and the very embodiment of genuineness.

Sealship Oysters

Whatever the oyster, individual package means to other foods. It means much more to workers. With the finest flavored oysters to start with, the new Sealship—no inferior package of fresh oysters—sold at the better stores everywhere—insure freedom from contamination—double freedom from contamination—and, more, it insures beyond question, your getting the genuine.

Will You Be Satisfied With "Just Oysters"?

You can order Sealship Oysters with the full knowledge that they are oysters at their best, because they are guaranteed by a \$4,500,000 organization extending all the way from their protected seaside oyster beds to your ice box. The only oysters with a reputation to sustain—the only oysters with a name.

The whole business success of this nationwide organization depends upon the quality, freshness, tenderness and delicate sea flavor of the oysters bearing this trade mark—the actual Sealship Oysters that are delivered to you.

These Sealship Oysters, delicious, fresh, raw, in sealed, individual packages can be obtained from dealers everywhere.

Other than these you can get no oysters with a reputation to sustain—your only option is "just oysters." Can you expect of nameless oysters the freshness, the purity or the flavor that you find in Sealship Oysters which are safeguarded from the sea to you—safeguarded through by a single nationwide organization?

(The variety stamped on top of the Sealship is your guarantee of the particular kind of oyster you prefer)
